Review Report of Independent Auditors

To San Fang Chemical Industry Co., Ltd.:

**Preface** 

We have reviewed the consolidated balance sheet of San Fang Chemical Industry Co., Ltd. and its subsidiaries ("San Fang Group" collectively) as of June 30, 2025 and 2024, the consolidated statements of comprehensive income for the three-month periods ended June 30, 2025 and 2024 and the six-month periods ended June 30, 2025 and 2024, the consolidated statements of changes in equity and consolidated statements of cash flows for the six-month periods ended June 30, 2025 and 2024, and the notes to the consolidated financial statements (including a summary of significant accounting policy). It is the management's responsibility to prepare fairly presented consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Accounting Standard (IAS) 34 "interim Financial Reporting" as endorsed and promulgated by the Financial Supervisory Commission (FSC). Our responsibility is to draw conclusions on the consolidated financial statements based on the review results.

**Scope of Review** 

We conducted our reviews in accordance with the TWSRE2410 "Review of Financial Information Performed by the Independent Auditor of the Entity" in the Republic of China. The procedures performed in the review of consolidated financial statements include inquiries (primarily inquiring persons responsible for financial and accounting matters), analytical procedures, and other review procedures. The scope of review is substantially less than the scope of an audit. Hence, we may not be able to obtain assurance on all significant matters that an audit could otherwise provide, and therefore we are unable to express an audit opinion.

Conclusion

Based on our review, nothing came to our attention that caused us to believe that the aforementioned consolidated financial statements, in all material aspects, were not prepared according to the IAS 34 Interim Financial Reporting endorsed and promulgated by the FSC and the Regulations Governing the Preparation of Financial Reports by Securities Issuers to an extent unable to fairly present the financial position of San Fang Chemical Group as of June 30, 2025 and 2024, its consolidated financial performance for the three-month periods ended June 30, 2025 and 2024, and its consolidated cash flows and financial performance for the six-month periods ended June 30, 2025 and 2024.

#### Notice to Readers

The accompanying consolidated financial statements are intended only to present the consolidated financial position, financial performance and cash flows in accordance with accounting principles and practices generally accepted in the Republic of China and not those of any other jurisdictions. The standards, procedures and practices to review such consolidated financial statements are those generally applied in the Republic of China. For the convenience of readers, the independent auditors' review report and the accompanying consolidated financial statements have been translated into English from the original Chinese version prepared and used in the Republic of China. If there is any conflict between the English version and the original Chinese version or any difference in the interpretation of the two versions, the Chinese-language independent auditors' review report and consolidated financial statements shall prevail.

Chairman: Mun-Jin Lin Managers: Chih-I Lin Head of accounting: Hua-Hsing Wang

# San Fang Chemical Industry Co., Ltd. and Subsidiaries Notes to the Consolidated Financial Statements For the six-month period ended June 30, 2025 and 2024 (All amounts are in thousand NTD, unless otherwise specified)

#### I. <u>Company History</u>

San Fang Chemical Industry Co., Ltd. (hereinafter referred to as the "Company") was established in June 1973, and main business items include the manufacturing and sales of artificial leather, synthetic resin, and other materials.

The Company was approved to be listed on the Taiwan Stock Exchange in November 1985.

The consolidated financial statements are presented in the Company's functional currency NTD.

#### II. Date and Procedures of Approval of the Financial Statements

The consolidated financial statements were approved by the Board of Directors on August 7, 2025.

#### III. Application of New Standards, Amendments, and Interpretations

(I) First-time application of the International Financial Reporting Standards (IFRS), International Accounting Standards (IAS), IFRIC Interpretations, and SIC Interpretations (hereinafter collectively referred to as the "IFRS Accounting Standards") as endorsed and announced by the Financial Supervisory Commission (FSC)

#### Amendments to IAS 21

The application of the amended IAS 21 "Lack of Exchangeability" will not result in any major changes to the accounting policy of the Company and entities controlled by the Company (hereinafter referred to as the "Consolidated Entity").

(II) Application of the IFRS Accounting Standards as endorsed by the FSC in 2026

Effective date of the International Accounting Standards Board (IASB) January 1, 2023

New, Revised or Amended Standards and Interpretations

Amendments to IFRS 17 "Initial Application of IFRS 17 and IFRS 9—Comparative Information"

# Amendments to IFRS 9 and IFRS 7 "Amendments to the Classification and Measurement of Financial Instruments"

- Regarding the guidelines for the application of financial asset categories
   The amendment mainly changes the classification rules of financial assets, including:
  - (1) If a financial asset contains a contingency that could change the timing or amount of its contractual cash flows, and the nature of the contingency is not directly related to changes in the underlying lending risk and costs (such as whether the debtor achieves a specific carbon reduction target), the contractual cash flows of such financial assets will still be entirely payments of the principal and interest on the outstanding amount of principal when both of the following conditions are met:
    - . The contractual cash flows generated in all possible scenarios (before or after the occurrence of the contingency) are entirely payments of principal and interest on the outstanding amount of the principal. and
    - The contractual cash flows generated in all possible scenarios do not differ significantly from the cash flows of financial instruments with the same contractual terms but without contingencies.
  - (2) Non-recourse financial asset refers to the ultimate right of the company to receive cash flows is limited to cash flows generated by specific assets in accordance with the contract.
  - (3) It clarified that contract-linked instruments uses multiple classes of securities through a waterfall payment structure to establish payment priorities for financial asset holders, thereby creating a concentration of credit risk and causing cash shortfalls from the underlying pool to be distributed disproportionately among different classes of securities.

2. Regarding the guidelines for the derecognition of financial liabilities

The amendment mainly explains that financial liabilities shall be derecognized on the settlement date. However, when an enterprise uses an electronic payment system to settle financial liabilities in cash, it may choose to derecognize financial liabilities before the settlement date if the following conditions are met:

- . The enterprise does not have the ability to withdraw, stop, or cancel the payment instruction;
- . The enterprise is unable to access the cash to be used for settlement due to the payment instruction; and
- . The settlement risk associated with the electronic payment system is not significant.

The Consolidated Entity must apply the amendment retrospectively, but comparative periods do not need to be restated, and the effect will be recognized on the date of initial application. However, if a company is able to restate without the benefit of hindsight, it may choose to restate the comparative period.

As of the date the consolidated financial statements were passed and announced, the Consolidated Entity was still evaluating the impact of the amendment on its financial position and financial performance, and the relevant impact will be disclosed when it is completed.

(III) New standards, interpretations, and amendments were issued by IASB but not yet included in the IFRS Accounting Standards as endorsed and announced by the FSC

| IFRS 18 "Presentation and Disclosure in            | January 1, 2027       |
| Financial Statements"                              |                       |
| IFRS 19 "Subsidiaries not publicly accountable:    | January 1, 2027       |
| Disclosure"  |                       |

Note: Unless otherwise specified, the new, revised or amended standards and interpretations are effective at the beginning of the annual reporting period after the dates above.

#### IFRS 18 "Presentation and Disclosure of Financial Statements"

IFRS 18 will replace IAS 1 "Presentation of Financial Statements". The main changes in this standard include the followings:

- . Items of income and expense are required to be classified into categories in the statement of profit or loss, namely, Operating, Investing, Financing, Income Tax, and Discontinued Operations.
- . Entities are required to present in their financial statements the totals and subtotals of operating profit or loss, profit or loss before financing and income tax, and profit or loss.
- The standard provides guidelines for improving the aggregation and disaggregation requirements: The Consolidated Entity is required to identify assets, liabilities, equity, income and expenses, and cash flows that arise from individual transactions or other events, and to classify them into groups based on shared characteristics, resulting in line items in the primary financial statements that share at least one characteristic. Items with different characteristics must be further disaggregated in the primary financial statements and the notes thereto. The Consolidated Entity may not categorize an item as "Others" unless a more informative name is unavailable.
- Measures (MPMs): During public communications outside the financial statements or communication with financial statements users on the management's view of an aspect of the Consolidated Entity's financial performance, a Consolidated Entity must disclose its MPMs in a single note of the financial statements; such discloses must include a description of the MPM and how the MPM has been calculated, a reconciliation of the MPM to the most directly comparable subtotal or total specified by IFRSs, and effect of tax and non-controlling interests separately for each reconciled item.

Aside from the impacts stated above, as of the date this consolidated financial statements were passed, the Consolidated Entity had been evaluating the impact of the amendments to other standards and interpretations on its financial position and financial performance, and the relevant impact will be disclosed when it is completed.

#### IV. Summarized Remarks on Significant Accounting Policies

#### (I) Statement of compliance

The consolidated financial statements were prepared in accordance with the "Regulations Governing the Preparation of Financial Reports by Securities Issuers" and IAS 34 "Interim Financial Reporting" endorsed and announced by the FSC. These consolidated financial statements did not include all the items required by IFRS Accounting Standard for consolidated financial statements for the entire year.

#### (II) Basis of preparation

Except for financial instruments measured at fair value and net defined benefit liability recognized at defined benefit liabilities less fair value of assets of the defined benefit plans, these consolidated financial statements have been prepared based on historical cost.

Fair value measurement can be divided into levels 1 to 3 based on the observability and importance of input values:

- 1. Level 1 input values: Refers to quoted prices (unadjusted) in active markets for identical assets or liabilities on the measurement date.
- 2. Level 2 input values: Refers to directly (i.e., prices) or indirectly (i.e., derived from prices) observable input values of assets or liabilities other than level 1 quoted prices.
- 3. Level 3 input values: Refers to unobservable input values of assets or liabilities.

#### (III) Basis of consolidation

Please refer to Note 13, Table 6, and Table 7 for the detailed list, shareholding ratio, and business items of subsidiaries included in the consolidated financial statements.

#### (IV) Other Significant Accounting Policies

For information beyond those listed below, please refer to the Summarized Remarks on Significant Accounting Policies in the consolidated financial statements of 2024.

#### 1. Provisions for carbon fee liabilities

The carbon fee liability provision recognized in accordance with Taiwan's Regulations for Charging of Carbon Fees is based on the best estimate of the expense required to settle the obligation in the current year, and is recognized and measured according to the proportion of actual emissions to annual emissions.

#### 2. Defined post-employment benefit

The pension cost during the interim period is calculated at the pension cost rate determined by actuarial calculation on the closing date of the preceding financial year for the entire preceding fiscal year, adjusted for any major market changes, major plan changes, liquidations, or other major one-off events during the current period.

#### 3. Income tax

Income tax expense is the sum of current income tax and deferred income tax. The income tax of the interim period is calculated on an annual basis by applying the interim profit before tax to the tax rate applicable to the anticipated annual earnings.

#### V. <u>Significant Accounting Judgments</u>, Estimates and Main Uncertainty Assumptions

For Significant Accounting Judgments, Estimates and Main Uncertainty Assumptions adopted in these consolidated financial statements, please refer to the consolidated financial statements of 2024.

#### VI. Cash and cash equivalents

- (I) Restricted bank deposits are deposited into a designated foreign currency deposits account by the Consolidated Entity in accordance with the "Management, Utilization, and Taxation of Repatriated Offshore Funds Act". The use of funds is restricted by such Act.
- (II) The counterparties of time deposits of the Consolidated Entity are banks with good credit quality. As such, there is no significant compliance concerns, and no expected credit losses were evaluated.
- (III) Information on foreign corporate bonds and foreign government bonds is as follows:

| Moturity data          | Coupon rata (0/1) | Effective interest |
|------------------------|-------------------|--------------------|
| Maturity date          | Coupon rate (%)   | Rate (%)           |
| July 2029 - March 2039 | 3.875~6.50        | 3.57~4.61          |

T.CC .: . .

(IV) Please refer to Note 29 for information on the pledge and mortgage of financial assets at amortized cost.

#### X. Credit risk management of debt instrument investment

The foreign corporate bonds and foreign government bonds invested by the Consolidated Entity are debt instruments with a credit rating of investment grade or above, and a low credit risk in the impairment assessment.

The credit risk of these debt instruments has not increased significantly since the initial recognition, resulting in changes in interest rates or terms. Furthermore, there is no significant operational changes that are expected to affect the issuers' ability to repay debts. Therefore, there is no expected credit loss. The Consolidated Entity continues to track external rating information to monitor changes in the credit risk of the debt instruments it invests in, and also reviews other information such as bond yield curves and material information from the issuers to assess whether the credit risk of debt instrument investments has increased significantly since the initial recognition.

#### XI. Notes and accounts receivable

|  | June 30,<br>2025                      | December 31, 2024                     | June 30,<br>2024                      |

| Accounts receivable - related parties Measured at amortized cost Total book value                          | \$ 288,459                            | \$ 241,444                            | \$ 280,493                            |

The Consolidated Entity's average credit period for sale of goods is open account 30-120 days. Designated personnel of the Consolidated Entity are responsible for deciding the credit limit, approval, and other monitoring procedures to mitigate credit risk and ensure that appropriate action has been taken to recover overdue receivables. Furthermore, the Consolidated Entity will verify the recoverable amount of receivables on the balance sheet date to ensure that unrecoverable receivables already properly listed as impairment losses. On this basis, management of the Consolidated Entity believes that its credit risk has significantly decreased.

The Consolidated Entity recognizes a loss provision for lifetime ECLs for accounts receivables. Lifetime expected credit losses are calculated using a provision matrix, which takes into consideration the customer's previous default record, current financial situation, industrial and economic trends, and industry outlook. Past experience of the Consolidated Entity relating to credit loss showed no significant difference in loss patterns between different customer groups. Hence, customers are not further divided into groups in the provision matrix, and expected credit loss rate is only set by the number of days receivables are overdue.

The aging analysis of the Consolidated Entity's receivables based on the overdue date and the loss provision are as follows:

Construction in

The Consolidated Entity evaluated in the three-month period from April 1 to June 30, 2024, that due to the impact of changes in market demand for specific products, the Kaohsiung plant expected that the future economic benefits of the equipment used to produce specific products would decline, resulting in its recoverable amount being less than the book value. Therefore, an impairment loss of NT\$91,192 thousand was provided and included in other profits and losses in the consolidated statement of comprehensive income.

The increase in property, plant and equipment and adjustments to payment amounts on the cash flow statement are as follows:

|   | January 1 | to June 30, 2025 | January 1 | to June 30, 2024 |
|---|-----------|------------------|-----------|------------------|
| Investing activities that affect both cash and non-cash items         |           | _                |           |                  |
| Increase in property, plant and equipment                             | \$        | 353,081          | \$        | 446,822          |
| Increase in advance payments for land and equipment                   |           | 3,916            |           | 19,437           |
| Increase in payables on equipment                                     | (         | 8,520)           | (         | 21,518)          |
| Capitalization of interest  | (         | 1,240)           | (         | 719)             |
| Payments in cash for the acquisition of property, plant and equipment | \$        | 347,237          | \$        | 444,022          |

Depreciation of the Consolidated Entity's property, plant and equipment is recognized on a straight-line basis according to the following useful life in years:

| Buildings and structures                                    |                |
|---|----------------|
| Factory and office building                                 | 20 to 50 years |
| Construction system and enclosure wall                      | 15 to 28 years |
| Other   | 2 to 10 years  |
| Machinery and equipment                                     |                |
| Embossing machine, grinding machine, and thermal oil boiler | 20 to 30 years |
| Non-woven fabric machine and its auxiliary facilities       | 8 to 19 years  |
| Other   | 1 to 9 years   |
| Other facilities  |                |
| Pond and gardening  | 30 to 48 years |
| Pipelines   | 20 to 28 years |
| Other   | 1 to 15 years  |

Please refer to Note 29 for property, plant and equipment pledged by the Consolidated Entity as collateral for loans.

#### XVI. <u>Investment properties</u>

|                                | June 30,   | December   | June 30,   |
|--------------------------------|------------|------------|------------|
|                                | 2025       | 31, 2024   | 2024       |
| Cost                           | \$ 140,473 | \$ 140,473 | \$ 140,473 |
| Less: Accumulated depreciation | 32,585     | 32,151     | 31,718     |
|                                | \$ 107,888 | \$ 108,322 | \$ 108,755 |

Except for the depreciation recognized, the Consolidated Entity's investment properties were not significantly increased, disposed of, or impaired for the six-month periods ended June 30, 2025 and 2024.

The Consolidated Entity's investment properties consist of land, buildings, and structures in Songshan District, Taipei City. They are the Company's own equity, and depreciation of buildings and structures is recognized on a straight-line basis over a useful life of 60 years.

The fair value of the Consolidated Entity's investment properties was approximately NT\$380 million and NT\$370 million for the years ended December 31, 2024 and 2023, in which the fair value was estimated by the Consolidated Entity's management after referring to transactions in the nearby housing market. As assessed by the Consolidated Entity's management, there was no significant change in the fair value as of June 30, 2025 and 2024.

Please refer to Note 29 for investment property provided as collateral for loans.

| Other - Dividends not claimed by      |               |                   |               |
| shareholders before the deadline      | 13,213        | 11,433            | 11,433        |
|                                       | \$ 151.079    | \$ 149,299        | \$ 149.299    |

Pursuant to the Company Act, capital surplus from contributed capital in excess of par and donated assets may be used to offset losses or distribute cash or recapitalized. However, the recapitalized amount shall be restricted to a certain percentage on an annual basis. Capital surplus from gains on the disposal of fixed assets and unclaimed dividends may only be used to offset losses.

#### (III) Retained earnings and dividend policy

Pursuant to the earnings distribution policy set forth in the Company's Articles of Incorporation, if there is a profit after year-end closing, the Company shall first set aside ten percent of such profits as a legal reserve after losses have been covered and all taxes and dues have been paid, and then allowance or reversal of a special reserve should be made in accordance with the law or the Company's operational needs; If there is still a surplus, it shall be distributed together with accumulated undistributed earnings after the Board of Directors makes a proposal for distribution of earnings to distribute in new shares; the proposal shall be submitted to the shareholders' meeting for approval before distribution. Meanwhile, the Board of Directors is authorized to distribute all or part of dividends and bonuses in cash by a majority vote in a Board meeting with at least two thirds of directors in attendance, and the decision shall be reported during a shareholders' meeting. Please refer to Note 23(7) for the employee bonus and directors' remuneration policy set forth in the Articles of Incorporation.

The Company's dividend policy takes into consideration the Company's current and future investment environment, funding requirements, and financial plans, as well as the interests of shareholders and balanced dividends. At least 10% of distributable earnings is allocated for distribution. However, if the dividend per share is lower than NT\$0.5 when all distributable earnings is distributed, then the distributable earnings are retained and not distributed. Cash dividends may not be less than 10% of all dividends. However, cash dividends are not distributed when dividends per share is lower than NT\$0.3 (inclusive), and stock dividends are distributed instead.

Pursuant to the Company Act, the amount of legal reserve must, at a minimum, equal the Company's total capital. The legal reserve may be used to offset losses. When the Company does not have any losses, the amount of legal reserve that surpasses 25% of paid-up capital may be capitalized and may also be distributed in cash.

The 2024 and 2023 earnings distribution proposals are as below:

|                |            | bution proposal | Dividends per share (NTD) |        |  |
|----------------|------------|-----------------|---------------------------|--------|--|
|                | 2024       | 2023            | 2024                      | 2023   |  |
| Legal reserve  | \$ 149,837 | \$ 76,013       |                           |        |  |
| Cash dividends | 1,074,109  | 596,727         | \$ 2.7                    | \$ 1.5 |  |

The above cash dividends were approved for distribution and listed under dividends payable by the board of directors in meetings on March 7, 2025 and March 6, 2024 respectively, and the remaining earning distribution items were also approved in the annual shareholders' meetings on June 11, 2025 and June 19, 2024 respectively.

#### (IV) Special reserve

Upon first-time adoption of the IFRS Accounting Standard, the Consolidated Entity provided special reserves for the NT\$505,112 thousand increase in unrealized revaluation gains and cumulative translation effects transferred to retained earnings as a result of transition to the IFRS Accounting Standards. The reason for allocation was eliminated due to the subsequent sale of property, plant and equipment and reversed NT\$322 thousand in 2013.

#### (V) Other equity interests

1. Exchange differences arising from the translation of the financial statements of foreign operations

#### (VII) Employee bonuses and directors' remuneration

With the Company's pre-tax profit before distribution of employee bonuses and directors' remuneration, the Company allocates 3-5% as employee bonuses and no more than 3% as directors' remuneration in accordance with the Articles of Incorporation. In accordance with the amendment to the Securities and Exchange Act in August 2024, the Company's 2025 shareholders' meeting passed an amendment to its Articles of Incorporation, stipulating that no less than 30% of employee bonuses each year shall be allocated for entry-level employees.

Employee bonuses (including bonuses for entry-level employees) for the six-month periods ended June 30, 2025 and 2024 were estimated at 4.0% of the aforementioned pre-tax profits. Director remuneration was the probable sum to be allocated based on past experience. The amount of which is enumerated as follows:

|                         | April 1 to | April 1 to | January 1 to | January 1 to |
|-------------------------|------------|------------|--------------|--------------|
|                         | June 30,   | June 30,   | June 30,     | June 30,     |
|                         | 2025       | 2024       | 2025         | 2024         |
| Employee bonuses        | (\$ 3,493) | \$ 16,190  | \$ 19,727    | \$ 36,210    |
| Directors' remuneration | (\$ 1,930) | \$ 6,799   | \$ 10,850    | \$ 18,390    |

Any changes to amounts after the consolidated financial statements are passed and announced will be handled as changes to accounting estimates, and will be adjusted and recognized in the following year.

Employee bonuses and directors' remuneration in 2024 and 2023 will be distributed in cash according to resolutions adopted by the Board of Directors on March 7, 2025 and March 6, 2024:

|                         | 2024      | 2023      |
|-------------------------|-----------|-----------|
| Employee bonuses        | \$ 70,481 | \$ 36,412 |
| Directors' remuneration | 24,400    | 21,081    |

There were no deviations in the actual amount of employee bonuses and directors' remuneration distributed from the amounts recognized in the 2024 and 2023 consolidated financial statements in 2024 and 2023.

For information on Board resolutions relating to employee bonuses and directors' remuneration, please go to the Market Observation Post System (MOPS) of the Taiwan Stock Exchange.

|                               | June 30, 2025 | June 30, 2024 | June 30, 2025 | June 30, 2024 |
| Total foreign exchange gains  | \$ 159,050    | \$ 81,329     | \$ 242,923    | \$ 253,483    |
| Total foreign exchange losses | ( 579,818)    | ( 25,843)     | ( 624,160)    | ( 56,666)     |
| Net gains (loss)              | (\$ 420,768)  | \$ 55,486     | (\$ 381,237)  | \$ 196,817    |

#### XXIV. Income tax

#### (I) Income tax recognized in profit or loss

Main income tax expenses are as follows:

|   |    | 1 to June<br>0, 2025 |    | 1 1 to June<br>0, 2024 |    | nuary 1 to<br>e 30, 2025 |    | nuary 1 to<br>e 30, 2024 |
|---|----|----------------------|----|------------------------|----|--------------------------|----|--------------------------|
| Current income tax                              |    |                      |    |                        |    |                          |    |                          |
| Generated in the current period                 | \$ | 40,993               | \$ | 55,831                 | \$ | 139,352                  | \$ | 125,029                  |
| Additional surtax on undistributed earnings     |    | 13,721               |    | 4,576                  |    | 13,721                   |    | 4,576                    |
| Adjustments in the previous year                | (  | 2,518)               | (  | 30,416)                | (  | 2,473)                   | (  | 30,111)                  |
|   |    | 52,196               |    | 29,991                 |    | 150,600                  |    | 99,494                   |
| Deferred income tax                             |    |                      |    |                        |    |                          |    |                          |
| Generated in the current year                   | (  | 33,057)              |    | 30,412                 | (  | 11,184)                  |    | 83,939                   |
| Income tax expense recognized in profit or loss | \$ | 19,139               | \$ | 60,403                 | \$ | 139,416                  | \$ | 183,433                  |

The profit-seeking enterprise income tax rate applicable to the Company and its domestic subsidiaries is 20%.

Overseas subsidiaries pay taxes according to the tax rate prescribed by the local government, the tax rates are as follows:

|                          | January 1 to June 30, 2025 | January 1 to June 30, 2024 |
|--------------------------|----------------------------|----------------------------|
| SFV                      | 15%                        | 15%                        |
| PTS                      | 22%                        | 22%                        |
| Dongguan Baoliang (Note) | 15%                        | 15%                        |

Note: The subsidiary Dongguan Baoliang obtained the approval of the 15% preferential tax rate for high and new technology in December 2023, and it will be applicable for three years from 2023 in accordance with local tax laws.

#### (II) Approval of income tax

The Company's profit-seeking income tax returns up to 2022 have been approved by the tax authority.

#### XXV. EPS

The net profit (loss) and weighted average number of ordinary shares used to calculate EPS are as follows:

(I) Net profit (loss) for the period - Net profit (loss) attributable to owners of the Company

|                   | April 1 to June | April 1 to June | January 1 to  | January 1 to  |
|-------------------|-----------------|-----------------|---------------|---------------|
|                   | 30, 2025        | 30, 2024        | June 30, 2025 | June 30, 2024 |
| Net income (loss) | (\$ 47,889)     | \$ 299,270      | \$ 381,712    | \$ 713,235    |

#### (II) Number of shares (thousand shares)

|  | April 1 to June | April 1 to June | January 1 to  | January 1 to  |
|--|-----------------|-----------------|---------------|---------------|
|  | 30, 2025        | 30, 2024        | June 30, 2025 | June 30, 2024 |
| Number of shares used to calculate basic EPS   | 397,818         | 397,818         | 397,818       | 397,818       |
| Plus: Employee bonuses                         |                 | 1,168           | 1,003         | 1,660         |
| Number of shares used to calculate diluted EPS | 397,818         | 398,986         | 398,821       | 399,478       |

If the Company choses to distribute employee bonuses in shares or cash, then it is assumed that all distribution will be in shares, which will dilute ordinary shares, and the diluted EPS is calculated based on the weighted-average number of ordinary shares outstanding. When calculating the diluted EPS before deciding to distribute employee bonuses in the following year, the potential dilution of ordinary shares will continue to be taken into consideration. The Company suffered a net loss for the period from April 1 to June 30, 2025, so does not have a dilutive effect when calculating diluted loss per share.

#### XXVI. Capital risk management

The Consolidated Entity engages in capital management to ensure that companies in the group can maximize return for shareholders by optimizing the balance of liabilities and equity, under the premise that they are able to continue as a going concern.

The Consolidated Entity's capital structure consists of Consolidated Entity's net liabilities (i.e., loans less cash and cash equivalents) and equity attributable to owners of the Company (i.e., share capital, capital surplus, retained earnings, and other equity interests).

The Consolidated Entity's management periodically examines the group's capital structure, and takes into consideration the cost of various capital and related risks. The Consolidated Entity will balance its overall capital structure via dividend distribution, issuance of new shares, borrowing new debt, and repaying old debt according to recommendations of management.

The Consolidated Entity is not required to comply with other external capital related regulations.

#### XXVII. Financial instruments

- (I) Information on fair value Financial instruments not measured at fair value Management of the Consolidated Entity believes that the book value of financial assets and financial liabilities not measured at fair value is near the fair value.
- (II) Information on fair value Financial instruments measured at fair value on a recurring basis

#### 1. Fair value level

|   | Level 1                 | Level 2      | Level 3              | Total                    |
|---|-------------------------|--------------|----------------------|--------------------------|
| June 30, 2025 Financial assets at fair value through profit or loss Fund beneficiary certification                            | \$ 101,042              | <u>\$</u> -  | <u>\$</u> -          | \$ 101,042               |
| Financial assets at fair value<br>through other<br>comprehensive income<br>Listed stock in Taiwan<br>Unlisted stock in Taiwan | \$ 78,968               | \$ -<br>-    | \$ - 3,200           | \$ 78,968<br>3,200       |
|   | \$ 78,968               | \$ -         | \$ 3,200             | \$ 82,168                |
| December 31, 2024 Financial assets at fair value through profit or loss Fund beneficiary certification                        | \$ 110,191              | <u>\$ -</u>  | <u>\$ -</u>          | \$ 110,191               |
| Financial assets at fair value through other comprehensive income Listed stock in Taiwan                                      | \$ 97,435               | \$ -         | \$ -                 | \$ 97,435                |
| Unlisted stock in Taiwan  |                         | <u>-</u>     | 3,282                | 3,282                    |
| June 30, 2024 Financial assets at fair value through profit or loss Fund beneficiary certification                            | \$ 97,435<br>\$ 107,196 | \$ -<br>\$ - | \$ 3,282<br>\$ -     | \$ 100,717<br>\$ 107,196 |
| Financial assets at fair value through other comprehensive income   |                         |              |                      |                          |
| Listed stock in Taiwan  | \$ 128,887              | \$ -         | \$ -                 | \$ 128,887               |
| Unlisted stock in Taiwan  | \$ 128,887              | \$ -         | \$ 4,893<br>\$ 4,893 | 4,893<br>\$ 133,780      |
|   |                         |              |                      |                          |

There were no transfers of assets between Level 1 and Level 2 during the six-month periods ended June 30, 2025 and 2024.

#### 2. Financial instruments are adjusted at level 3 fair value measurement.

|                                | January 1 to June 30, 2025 |       | January 1 to June 30, 2024 |       |
|--------------------------------|----------------------------|-------|----------------------------|-------|
| Financial assets at fair value |                            |       |                            |       |
| through other comprehensive    |                            |       |                            |       |
| income                         | _                          |       |                            |       |
| Balance at beginning of period | \$                         | 3,282 | \$                         | 4,773 |
| Recognized in other            | (                          | 82)   |                            |       |
| comprehensive income           | (                          | 62)   |                            | 120   |
| Closing balance                | \$                         | 3,200 | \$                         | 4,893 |

#### 3. Level 3 fair value valuation technique and inputs

When the Consolidated Entity is measuring the fair value of stocks without a quoted price, the fair value is determined by management after referencing the company's net worth.

#### (III) Financial instruments by category

|  | June 30, 2025 | December 31, 2024 | June 30, 2024 |
|--|---------------|-------------------|---------------|
| Financial assets   | _             |                   |               |
| Financial assets at amortized cost (Note 1)  | \$8,567,358   | \$9,103,274       | \$8,761,931   |
| Financial assets for which the fair value is required to be measured through profit or |               |                   |               |
| loss   | 101,042       | 110,191           | 107,196       |
| Financial assets at fair value   |               |                   |               |
| through other comprehensive income Equity instrument                                   |               |                   |               |
| investments  | \$ 82,168     | \$ 100,717        | \$ 133,780    |
| Financial liabilities  Measured at amortized cost                                      | -             |                   |               |
| (Note 2)   | 5,202,322     | 5,493,855         | 5,338,439     |

Note 1: The balance includes cash and cash equivalents, notes and accounts receivable (including related parties), other receivables (excluding tax refunds receivable), financial assets at amortized cost, refundable deposits, etc.

Note 2: The balance includes short-term borrowings, accounts payable, other accounts payable, long-term borrowings (including those that mature within one year), deposit received, and other financial liabilities at amortized cost.

#### (IV) The purpose and policy of financial risk management

The Consolidated Entity's main financial instruments include cash and cash equivalents, notes and accounts receivable, financial assets at amortized cost, accounts payable, other payables, long-term and short-term borrowings, and lease liabilities. The Consolidated Entity's financial management department provides services to sales units, coordinates operations in domestic and international financial markets, and analyzes exposure based on the level and extent of risks, in order to supervise and manage financial risks related to the Consolidated Entity's operations. Risks include market risk (including foreign exchange risk, interest rate risk, and other price risk), credit risk, and liquidity risk.

#### 1. Market Risk

The main financial risk of the Consolidated Entity due to business activities is the risk of changes in exchange rates (please refer to (1) below) and changes in interest rates (please refer to (2) below).

#### (1) Foreign exchange risk

The Company and several subsidiaries engage in sales and purchase of goods denominated in foreign currencies, which expose the Consolidated Entity to the risk of exchange rate changes. The Consolidated Entity manages its exposure to foreign exchange risk using FX swaps within the scope permitted by policy.

Please see Note 32 for the book value of the Consolidated Entity's monetary assets and liabilities not denominated in the functional currency on the balance sheet date (including monetary items not denominated in the functional currency on the consolidated financial statements).

#### Sensitivity analysis

The sensitivity analysis mainly addresses the sensitivity to foreign currency-denominated monetary items on the reporting date. The Consolidated Entity is mainly affected by exchange rate fluctuations of USD and RMB.

The sensitivity ratio used in reports on foreign exchange risk for management of the Consolidated Entity is 1%, which also represents management's evaluation of the reasonable scope of fluctuations in exchange rates. The sensitivity analysis only includes outstanding foreign currency-denominated monetary items, and the conversion at the end of period is adjusted using 1% change in exchange rates. The positive number in the table below is the amount that pre-tax profit will increase (decrease) when the functional currency depreciates 1% against related foreign currencies. The effect on pre-tax profit will be negative (positive) the same amount when the functional currency appreciates 1% against related currencies.

|     | Effect | Effect on income  |    | Effect on income |  |  |
|-----|--------|-------------------|----|------------------|--|--|
|     | Januar | January 1 to June |    | ry 1 to June     |  |  |
|     | 30     | 30, 2025          |    | 0, 2024          |  |  |
| USD | \$     | 38,367            | \$ | 36,433           |  |  |
| RMB |        | 473               |    | 1,109            |  |  |

### (2) Interest rate risk

The Consolidated Entity is exposed to interest rate risk when companies finance using both fixed and floating interest rates at the same time. The Consolidated Entity manages its interest rate risk by maintaining an appropriate portfolio of fixed and floating interest rates.

The book value of the Consolidated Entity's financial assets and liabilities that are exposed to interest rate risk on the balance sheet date is as follows:

|                                      | June 30, 2025 | December 31, 2024 | June 30, 2024 |
|--------------------------------------|---------------|-------------------|---------------|
| Has interest rate risk for cash flow |               |                   |               |
| Financial assets                     | \$ 2,445,306  | \$ 2,478,418      | \$ 2,786,600  |
| Financial liabilities                | 2,697,500     | 2,645,000         | 2,715,000     |

The Consolidated Entity has also determined that the fair value risk of its fixed interest rate time deposits, bonds issued under repurchase agreement, short-term notes and lease liabilities is not material.

### Sensitivity analysis

The following sensitivity analysis is determined based on the interest rate exposure of non-derivatives on the balance sheet date. The method for analyzing floating interest rate assets and liabilities

assumes that the amount of assets and liabilities outstanding on the balance sheet date were outstanding throughout the reporting period.

The sensitivity ratio used in reports on interest rate risk for management of the Consolidated Entity is an increase or decrease of 1%, which also represents management's evaluation of the reasonable scope of fluctuations in interest rates.

If annual interest rate increases/decreases by 1% while all other variables remain the same, the Consolidated Entity's pre-tax profit will decrease/increase by NT\$1,261 thousand and increase/decrease by NT\$358 thousand, respectively, in the sixmonth periods ended June 30, 2025 and 2024, which is mainly due to the floating interest rate bank deposits and loans of the Consolidated Entity.

### (3) Other price risks

The Consolidated Entity is exposed to the risk of equity prices due to its investments in equity securities. The equity investments are strategic investments and not held for trading. The Consolidated Entity does not actively engage in such investments.

#### Sensitivity analysis

The following sensitivity analysis is conducted using the equity price on the balance sheet date.

If the price of equity increases/decreases by 1%, the net profit before tax for the six-month periods ended June 30, 2025 and 2024 will increase/decrease by NT\$1,010 thousand and NT\$1,072 thousand, respectively, due to the changes in fair value of financial assets at fair value through profit and loss.

If the price of equity increases/decreases by 1%, other comprehensive income for the six-month periods ended June 30, 2025 and 2024 will increase/decrease by NT\$822 thousand and NT\$1,338 thousand, respectively, due to the increase/decrease in the fair value of financial assets at fair value through other comprehensive income.

#### 2. Credit risk

Credit risk refers to the risk of financial loss to the Group arising from default by counterparties. As of the balance sheet date, the Consolidated Entity's greatest credit risk exposure to financial losses caused by transaction counterparties failing to fulfill their obligations is in the book value of financial assets recognized on the consolidated balance sheet.

The Consolidated Entity's policy is to only engage in transactions with counterparties that have a good reputation, and also uses other financial information available to the public along with transaction records to evaluate major customers. The Consolidated Entity continues to monitor its exposure to credit risk and evaluates the credit of transaction counterparties, using annual credit limits with transaction counterparties to control credit risk exposure.

The consolidated Company's credit risk is mainly concentrated in accounts receivables of the following companies:

Accounts receivable due from the aforementioned companies on June 30, 2025, December 31, 2024, and June 30, 2024 accounted for 20%, 16%, and 19%, respectively, of the total accounts receivable.

#### 3. Liquidity risk

The Consolidated Entity manages and maintains an adequate position of cash and cash equivalents to support the group's operations and mitigate the effect of cash flow fluctuations. Management of the Consolidated Entity supervises the usage of bank credit limit and ensures compliance with terms of loan agreements. Bank borrowings are an important source of the Consolidated Entity's liquidity. Unused long-term and short-term credit limits of the Consolidated Entity were NT\$3,087,500 thousand, NT\$3,310,000 thousand, and NT\$2,362,500 thousand, respectively, as of June 30, 2025, December 31, 2024, and June 30, 2024.

### Non-derivative financial liabilities and interest rate risk

Maturity analysis of remaining non-derivative financial liabilities is prepared based on the non-discounted cash flow (including principal and estimated interest) of financial liabilities up to the earliest date that the liabilities may need to be repaid by the Consolidated Entity. Hence, bank borrowings that the Consolidated Entity may be required to immediately repay are listed in the earliest period in the table below without considering the probability that the bank immediately exercises the right. Maturity analysis of other non-derivative financial liabilities is prepared according to the agreed repayment date.

For cash flow from interests paid using floating interest rates, the non-discounted amount of interest is estimated using the interest rate on the balance sheet date.

|                          | Within 6<br>months | 6 months to<br>1 year   | 1 year and above | Total              |
|--------------------------|--------------------|-------------------------|------------------|--------------------|

### XXXIII. Supplementary Disclosures

- (I) Information on Major Transactions
  - 1. Lending to others: See Table 1 for details.
  - 2. Providing endorsements or guarantees to others: See Table 2 for details.
  - 3. Major holdings of negotiable securities at the end of the period (excluding investments in subsidiaries): See Table 3 for details.
  - 4. Purchase or sale of goods from or to related parties reaching NT\$100 million or 20% of paid-in capital or more: See Table 4 for details.
  - 5. Receivables from related parties reaching NT\$100 million or 20% of paidin capital or more: See Table 5 for details.
  - 6. Other: The business relationship and material transactions between intragroup companies and their amounts: See Table 8 for details.
- (II) Information on Investees: See Table 6 for details.
- (III) Information on Investments in China
  - 1. Name of investee in China, main business items, paid-in capital, investment style, outward/inward remittance, shareholding ratio, income on investment, book value of investments at end of period, income on investment remitted back to Taiwan, and limit on investments in China: See Table 7 for details.

- 2. Direct or indirect material transactions with investees in China through a third region, and the price, terms of payment, and unrealized gains:
  - (1) Amount and percentage of goods purchased and the ending balance and percentage of payables

|                   | Purchase of goods |        |             | Accounts payable |        |             |
|-------------------|-------------------|--------|-------------|------------------|--------|-------------|

|                   |               | percentage  |                | percentage  |
|                   |               | of the      |                | of the      |
|                   | Amount        | account (%) | <br>Amount     | account (%) |
| Dongguan Baoliang | \$<br>270,376 | 6           | \$<br>47,079   | 5           |

- (3) Property transaction amount and the profit or loss amount: None.
- (4) Ending balance and purpose of endorsements/guarantees or collateral: None.
- (5) Highest balance, ending balance and interest rate range of financing and total interest in the current period: None.
- (6) Other transactions, such as the providing or accepting services, that have a material impact on current profit or loss or financial position:

The income generated from purchasing raw materials for Dongguan Baoliang was NT\$3,632 thousand for the six-month period ended June 30, 2025; other receivables from Donguan Baoliang was NT\$5,437 thousand as of June 30, 2025.

### XXXIV. Segment Information

Segment information is provided to the main decision-maker to allocate resources and assess segment performance. When preparing the consolidated financial statements, the Consolidated Entity considers region and products or services provided as factors for identifying operating segments, and views the operating segments as a single operating segment. The Consolidated Entity's operating segments are as follows, in which (I)~(IV) are reportable segments:

(I) San Fang Chemical Industry Co., Ltd. - Manufacturing and sales of artificial leather, synthetic resin, and other materials

- (II) San Fang Development, BBH, San Fang International, and subsidiary MPL, Dongguan Baoliang, Dongguan Guangxingwang, and GTL.
- (III) GII and subsidiary SFV(GII).
- (IV) JOB and subsidiary PTS (PTS).
- (II)-(IV) above mainly engage in the production of PU synthetic leather and artificial leather, and the production and processing of synthetic resin and other materials.
  - (V) Bestac Advanced Material Co., Ltd.
  - (VI) Forich Advanced Materials Co., Ltd.
- (V)-(VI) above is mainly in the business of chemical product manufacturing and sales.
  - (VII) San Fang Development, San Fang Financial Holdings, and GCL Mainly in the financial holdings and investment business.

### Department revenue and business results

The Consolidated Entity's revenue and operating results, as well as assets by reportable segment are analyzed below:

Department income (loss) refers to the profits (losses) earned (generated) by each department, and does not include non-operating income and expenditure, as well as income tax expenses. This amount is mainly used by the primary business decision-maker for allocating resources to departments and evaluating their performance.

Furthermore, for the purpose of supervising segment performance and allocating resources to each segment, except current assets at fair value through profit or loss and non-current financial assets at fair value through other comprehensive income, all assets are allocated among the reporting segments.

- Note 1: Limit on lending to a single party: Lending due to business dealings may not exceed the total transaction amount in the most recent 1 year or in the current year up to the time the loan is approved. Lending to meet short-term financing needs may not exceed 10% of the company's net worth. If the Company directly or indirectly holds 100% of the overseas company's shares with voting rights, then the loan may not exceed the company's net worth.
- Note 2: Limit on total lending: The total amount of lendings cannot surpass 40% of the lending company's net worth, with loans due to business transactions limited to 30% and short-term loans capped at 20% of the Company's net worth. Lending among overseas subsidiaries whose voting shares are wholly owned by the Company is limited to the lending company's net worth.
- Note 3: Already written off when preparing the consolidated financial statements.

## San Fang Chemical Industry Co., Ltd. and Subsidiaries Providing endorsements/guarantees to others

| Name of investment company           | Accumulated investment amount remitted from Taiwan to China at the end of the current period | Investment amount approved by the Investment Commission, MOEA | The Company's limit on investments in China (Note 5) |
|--------------------------------------|--|---|--|
| San Fang Chemical Industry Co., Ltd. | \$ 117,087   | \$ 1,075,685  | \$ -   |

- Note 1: The Company reported in 2010 that Megatrade Profits Limited, its investee in the British Virgin Islands, has provided non-price setting machinery and equipment worth HKD14,966 thousand to Dongguan Huangjiang Baoliang Shoes Material Factory since 1996, and gained approval from the Investment Commission, Ministry of Economic Affairs in March 2010.
- Note 2: Megatrade Profits Limited holds 100% shares of Dongguan Huangjiang Baoliang Shoe Factory for its processing business, but it has not registered its shares.
- Note 3: Megatrade Profits Limited (MPL) is an investee of San Fang International Co., Ltd., and then MPL invested US\$3,484 thousand in cash and US\$5,516 thousand in machinery to establish Dongguan Baoliang Material Technology Co., Ltd. Dongguan Baoliang acquired Dongguan Yuguo Shoe Materials Co., Ltd. in Q2 2018. Dongguan Yuguo then invested US\$6,182 thousand in cash in Giant Tramp Limited (GTL), and indirectly obtained 100% shares of Dongguan Yuguo in China. The Investment Commission, MOEA approved the additional investment of US\$16,000 thousand in Dongguan Baoliang in October 2019. (Continued on the next page)

### (Continued from the previous page)

- Note 4: Investment gains and losses are recognized based on the figures on the Company's CPA-reviewed financial statements.
- Note 5: Pursuant to the amendment to Article 3 of the Regulations Governing the Examination of Investment or Technical Cooperation in Mainland China, which was announced in Order Jing-Shen-Zi No. 0970460680 from the MOEA dated August 29, 2008, the Company obtained the Operational Headquarters certificate (Letter Jing-Shou-Gong-Zi No. 11351013280 dated July 30, 2024) from the Industrial Development Administration, MOEA, and therefore has no limit on investment in China.
- Note 6: San Fang International established Dongguan Guangxingwang Materials Technology Co., Ltd. in 2025. As of June 30, 2025, it has invested CNY2,163 thousand, which is still awaiting approval from the Department of Investment Review.
