

San Fang's Digital Catalog has made accessing materials easier and more convenient. With features allowing customers to explore surface effects, release papers, and certificates, we've effectively reduced the time needed for physical sampling as well as shipping.

We're always looking for ways to improve the site which is why we're excited to introduce our 2 newest features – "3D Model Rendering" and "Surface Effect Display" starting with our AW25 season materials.

We'd love for you to try out our new features

3D Model Rendering- <https://search.sanfang.com/en/product/temp/res2567>

(Please press the "  " button to enjoy the 3D Model.)

Surface Effect Display -
