

San Fang E-Library Evolves Again! The All-New Upgrade is Officially Live!

After gathering user feedback and continuously optimizing our services, **San Fang E-Library** has undergone a stunning transformation once again! This time, we didn't just enhance the visual interface — we've completely redesigned the browsing experience to make navigation more intuitive and the layout clearer than ever.

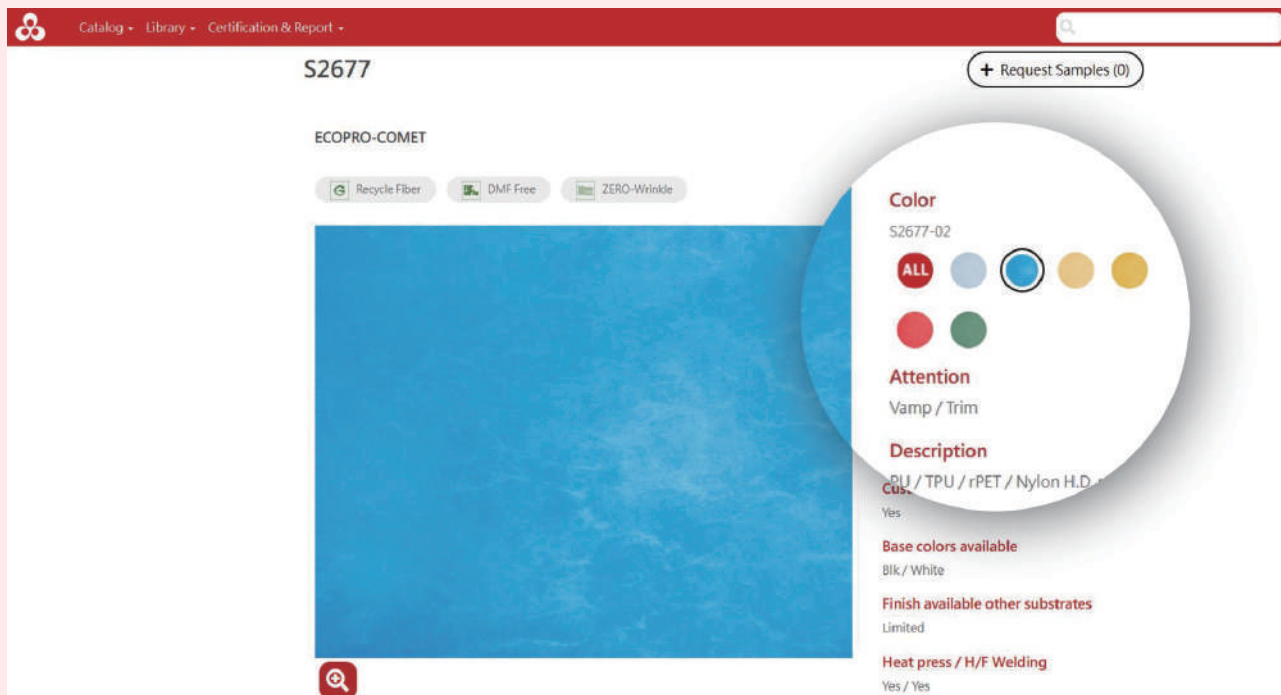

We aim not only for aesthetics, but also for a significant boost in usability, helping you find the information you need faster and more accurately!

Here are the new features now live:

1. Expanded Color Palette per Page

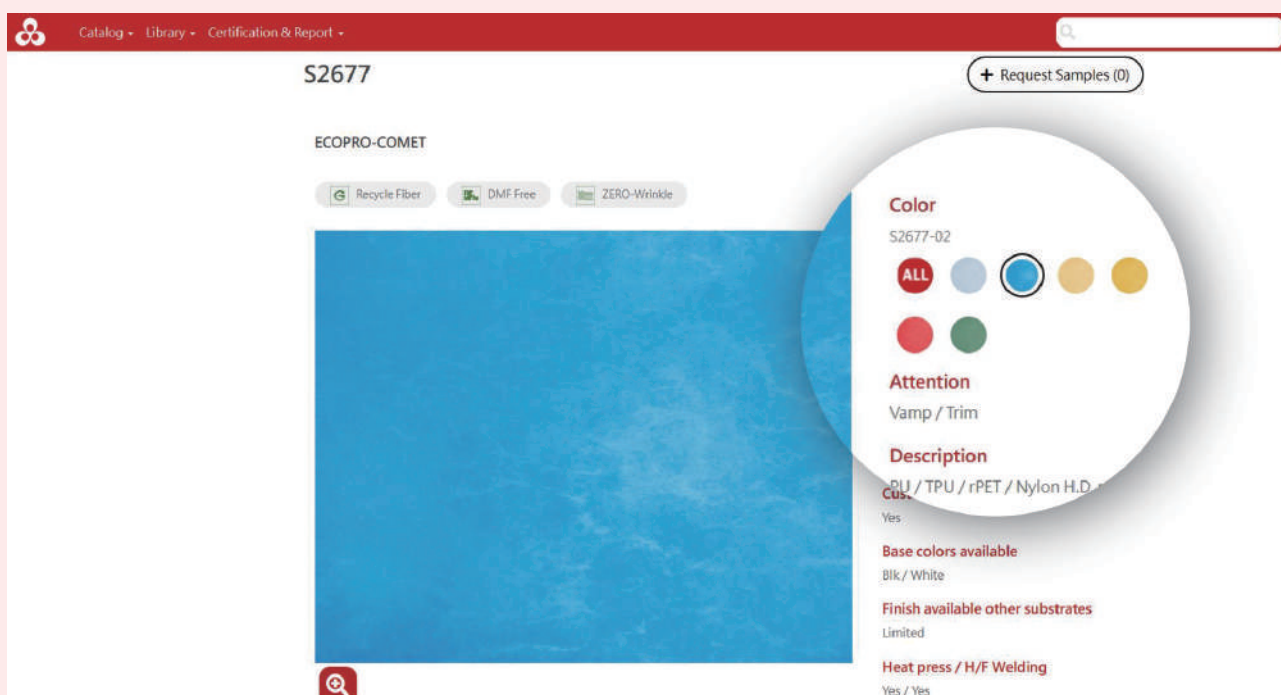

Multiple color options are now available on each color card, giving you instant access to even more design inspiration!

(Add color selection)

2. Upgraded Function Tag Search

Easily find similar functional materials across different cards with enhanced tag-based search — accurate and lightning fast!

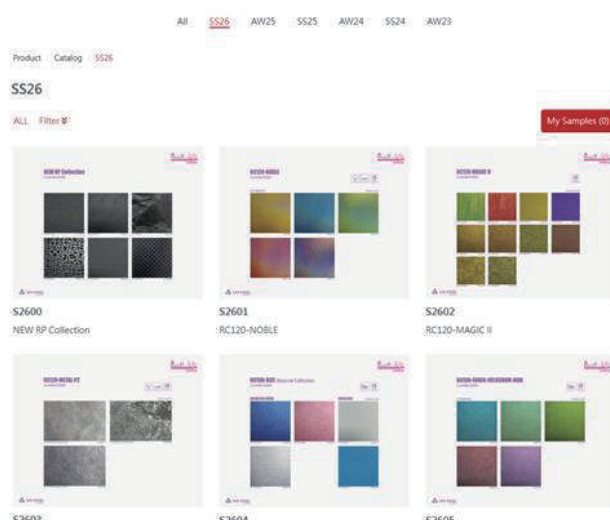

(Click to automatically fill in search bar)
